

Press release SHELL CUP CROSS COUNTRY CHAMPIONSHIPS 1983 Montreal/Morin Heights
filed by Jarl Omholt-Jensen attention RAY CARMEL public affairs

One Championships - Two Sites

The 58th running of the Canadian national cross country championships, sponsored for the ninth consecutive year by Shell Canada Limited, will be held at two different sites for the first time in history.

Montreal and Morin Heights will each host four of the eight events which make up the senior championship calendar of men's and women's elite racing in Canada.

Staging of the two relays and two sprint events in Montreal will mark the return of major nordic competition to Quebec's largest city for the first time since 1935.

According to information made available from the Canadian Ski Museum in Ottawa, it was the Montreal Ski Club which was largely responsible for creating the beginnings of a national cross country championships in 1921.

That debut season featured competition between skiers from eastern Canadian clubs only: Montreal, Ottawa, Toronto and Quebec City. It wasn't until 1931 that the nationals moved out of the eastern regions and reached westward to Revelstoke, British Columbia.

Until 1931, the championships alternated between Montreal and Ottawa. The shift continued between the two cities in 1932 and 1933 but then moved to Trois Rivieres for the 1934 season prior to Montreal being awarded the championships for the final time in 1935.

In total, Montreal ran the meet seven times: 1921, '23, '25, '27, '29, '32 and 1935. Since then other Quebec centres to have been given the nationals include: Quebec City in 1947, Mont Tremblant in 1949, Mont Ste. Anne in 1974 and 1980 and Morin Heights in 1968 and 1979.

Viking Ski Club of Morin Heights is making the historic return of elite racing to Montreal possible. The club, in addition to providing the organisation for the sprint events on Mont Royal, will stage the long-distance events in the Laurentians before and after the sprint events in Montreal.

The efforts by Viking will enable Montreal to be a part of the national championships once more for the first time in 48 seasons.

NATIONALS RETURN TO MONTREAL

The Canadian Senior Cross Country Championships, currently under the sponsorship of Shell Canada Limited, are returning to Montreal after an absence of 48 seasons.

Montreal was the original founding site of the dominion cross country championships in 1921 and played host to the nation's best nordic skiers on seven occasions which included the winter of 1935, the final time it acted as meet organiser.

The championships were primarily an eastern Canadian affair in the first decade of competition as Montreal alternated between Ottawa and Toronto as one of the chief sites for the races.

Montreal ran the event in 1921, 1923, 1925, 1927, 1929, 1932 and 1935.

The return of competition to Montreal will be possible through the efforts of Viking Ski Club of Morin Heights which will co-host the '83 Nationals with Montreal. It's the first time in history that the cross country events have been split between two centres in one season.

Morin Heights will run the long-distance races prior to and following Montreal's staging of the sprint events and relays January 22-23. Viking will see competitions on January 20 and 25.

The staging of the sprints on Mount Royal is expected to draw one of the largest crowds to watch a national cross country event in years. Bringing national competitions to major urban centres is keeping with the current efforts by Cross Country Canada to promote nordic skiing to more Canadians.
